

Measures Relative to Mission goal team

DRAFT Minutes from 6/5/2007 meeting (7:00a-8:30a, Claypit Hill Elementary School)

Attending: Sean Carabatsos, Jeff Dieffenbach, Steve Goldstein, Jim Lee

The team discussed its 6/18 presentation to the School Committee.

- What has the goal team been doing? (Jeff)
- Why measure achievement against mission? (Sean)
- What do we recommend be measured? (Jim)
- What kind of effort will it take? (Cyndy)
- How will this benefit us? (Cyndy)
- How might this move forward? (Steve)

Several comments were made.

- Make sure that the language is consistent with education, not business/other
- Starting point is our existing measurement
- Who will manage the measurement process, both startup and ongoing?
- Our current operations are characterized by many successes and underlying systems; adding more has always been limited by resources; adding systems will help us better extend our successes

The team discussed several additional measures.

- continued discussing identified measures with the objective of recommending in favor, against, or further consideration.
