SOCIAL EMOTIONAL LEARNING (SEL)
SOCIAL EMOTIONAL LEARNING

THE 5 CORE COMPETENCIES

- self-awareness
- self management of emotions
- responsible decision making
- social awareness / empathy
- managing & developing relationships
SEL VISION STATEMENT

With an explicit focus on social emotional learning, we envision a school district and community that supports students in developing a healthy sense of self and social awareness, embracing diversity with empathy and respect for others, making responsible decisions, and effectively engaging with the world as we strive for both justice and joy.
SEL MISSION STATEMENT

In our accepting and inclusive community, we want our students to:

- Recognize and regulate their own emotions
- Make thoughtful and healthy decisions
- Appreciate their importance, feeling connected and safe in a responsive environment
- Become clear, confident and effective communicators
- Demonstrate self-compassion in the face of doubt, negativity and challenge
- Self-advocate and understand how to access help when needed
- Show resilience and persistence in the face of adversity, transition and change
- Embrace the culture and individuality of others
- Respect the perspective of others
- Create, sustain and support healthy relationships with both peers and adults
- Develop effective skills for parting and grieving and supporting others in this process
- Solve conflicts and problems in a creative and cooperative manner
- Demonstrate genuine concern about the welfare of others
- Have hope and confidence in their future
