# PEGASUS

Founded in 1994, Pegasus remains true to its founding mission: to celebrate and honor each child's uniqueness.

Children flourish at Pegasus because their voices are heard. While the program evolves each year, two key components remain unchanged: excellent staff: child ratios and varied activity choices.

Supported by a caring staff, children pursue special interests and gain the confidence needed to explore new ones. For young children, Pegasus is truly a "soaring summer experience."
